ITIL® 4 CDS - Create, Deliver and Support eLearning

Self-paced eLearning | 1-year access | Exam voucher & 1-year PeopleCert Membership+ Included

ITIL® 4 Specialist: Create, Deliver and Support (CDS) – Online Certification Course

Flexible, Self-Paced ITIL 4 Training | Accredited by PeopleCert

The **ITIL® 4 Specialist Create, Deliver and Support (CDS)** online course is designed for IT professionals, team leaders, and managers aiming to strengthen their organization's **IT service management (ITSM)** capabilities.

What's Included in the ITIL 4 CDS Online Course

- **1-Year Access to Flexible eLearning Platform** – Study at your own pace, with 24/7 access to all materials.
- **High-Quality Learning Resources** – Includes expert-led video tutorials, downloadable study guides, and two practice assessment tests to prepare for the exam.
- **Official PeopleCert Exam Voucher** – Schedule your online proctored exam at your convenience, with access to the latest **ITIL 4 CDS core guidance**.
- **PeopleCert Membership Plus (1 Year Included)** – Enjoy exclusive benefits like one free exam retake, online mock exams, practical tools, career resources, and continuous learning support.
- **24/7 Learner Assistance** – Get support anytime throughout your learning journey via the learning platform

Part of the **ITIL 4 Managing Professional stream**, this module provides a **practical, end-to-end guide** to creating, delivering, and supporting digital services. You will gain actionable knowledge to improve service design, manage workflows, optimize team performance, and ensure consistent value delivery to customers and stakeholders.

This course is ideal for those seeking a **recognized ITIL 4 CDS certification** while balancing professional responsibilities. Whether you're advancing your ITIL path or enhancing your operational management skills, this **self-paced ITIL training** delivers both flexibility and certification value.
