- AgilePM™ Foundation and Practitioner exam simulations with feedback.
- Online support forums and chat (online)
- Interactive exercises to consolidate the learning
- Extensive Exam Approaches module to support the "Objective Testing" Practitioner exam
- Progress reporting facility

Exclusive at B2B Learning

- the AgilePM Foundation & Practitioner exam vouchers, valid for one year

ELEARNING COURSE CONTENT

Foundation Level

- Introduction to Agile - Understanding the fundamentals of agile methodologies and principles.
- Scrum Essentials - Learn the basics of Scrum and how it integrates with agile project management.
- Project Planning and Control - Master the techniques for effective project planning, monitoring, and control.
- Team Dynamics - Improve team collaboration and communication for better project outcomes.
- Agile Project Lifecycle - Explore the phases of an agile project and the key activities involved.

Practitioner Level

- Advanced Scrum Practices - Learn how to apply advanced Scrum techniques in agile project management.
- Multi-Team Coordination - Master the skills needed to manage large projects with multiple agile teams.
- Project Leadership - Develop your leadership abilities to effectively guide agile teams and manage stakeholders.
- Interactive Simulations - Participate in hands-on simulations that provide real-world experience and practical application of Agile principles.
- Tailoring Agile Practices - Understand how to tailor Agile practices to fit different project contexts and challenges.

Important: the AgilePM® - Agile Project Management Reference Book v3 edition 2 is only available in paperback edition. You can add the book in your cart or add it at check-out. It will be sent to your address and post cost will be billed accordingly to your location.

Study Time

- To achieve the **Introduction-level** competency, we recommend allowing approximately **5 hours** of guided learning and personal reflection. The **Foundation-level** requires around **20 hours**, while the **Practitioner-level** typically totals about **30 hours** of cumulative study.
- Your learning experience will combine **interactive eLearning**, reference to the **AgilePM® Manual** and supplementary materials, as well as **practical exercises and tests**.
- Depending on your schedule, completing all levels may take **between 2 weeks and 6 months**.

WHO IS THIS COURSE DESIGNED FOR?

This **AgilePM Foundation & Practitioner e-Learning combo course** is designed for those involved with projects at any level seeking for a broader understanding of the approach and for professionals wishing to go further in-depth in the principles of Agile Project Management.

PREREQUISITES

This course does not require any existing knowledge of Agile or project management
