WHO SHOULD ATTEND?

PM² is beneficial **for a wide range of individuals and organizations** involved in project management. Although it was developed by the European Commission for their own projects, it can be applied to projects in various other organizations as well.

Overall, PM² is designed to benefit a **broad audience involved in project management,** including project managers, team members, organizations, stakeholders, PMOs, government agencies, and project management professionals.

PREREQUISITES

There are no prerequisites to attend this course.

ABOUT THE EXAMINATION

PM² certification demonstrates **your expertise and understanding of the PM² methodology**. It provides external validation of your project management knowledge and skills, which can enhance your professional credibility. The certification is internationally recognized, and having it on your resume can make you stand out in the job market or within your organization.

The certification exam tests the level of the candidates' understanding on **the what, when, who and how of the PM² Methodology**. The exam structure is based on the four pillars of PM² and the PM² Mindsets.

This training includes the Certified PM² Foundation 3.0.1 by PM² GROUP exam voucher.
Shortly after the start of the training you will receive a voucher with which you can reserve your exam. Keep in mind that you must plan your exam at least 5 working days in advance.

- Exam duration: 75 minutes
- Number of exam questions: 100
- Minimum correct questions: 70
- Exam style: multiple choice, closed-book
- Each exam voucher gives access to only one attempt for the official exam
- This exam is available in the following languages: English, French, Spanish, Italian, and German

COURSE MATERIAL

Each learner will receive a copy of the PM² Guide V3.0.1. and a set of accredited training materials (presentation, sample exam questions, ...). We will also provide a copy of the PM² Guide and artefacts. These can also be downloaded on the website of the European Commission.
