COURSE & LEARNING OBJECTIVES

Learn at your own pace with PECB-accredited training

The ISO 31000 Risk Manager eLearning course equips you with the skills to **implement, analyze, evaluate, and manage a risk management framework based on the ISO 31000 standard**. By the end of the training, you'll be ready to address risks proactively and in line with international best practices.

LEARNING OBJECTIVES

1. Understand the fundamental concepts of risk management and their application within an organization.
2. Learn how to establish a risk management framework in compliance with ISO 31000.
3. Acquire the skills to identify, analyze, evaluate, and treat risks effectively.
4. Master techniques for monitoring, communication, and consultation on risk management.
5. Earn the PECB ISO 31000 Risk Manager certification to showcase your expertise.

COURSE CONTENT

- Introduction to ISO 31000 concepts and principles
- Establishing the risk management framework
- Risk identification
- Risk analysis and evaluation
- Risk treatment
- Risk monitoring, communication, and reporting
- Preparation for the ISO 31000 Risk Manager exam

WHO SHOULD ATTEND?

This eLearning course is designed for:

- Managers or consultants responsible for risk management within an organization.
- Individuals who want to better understand risk management principles, frameworks, and processes.
- Professionals ensuring ISO 31000 compliance in their organizations.
- Anyone interested in a career in risk management.

The eLearning format is ideal for those with busy schedules or who prefer to study at their own pace.

PREREQUISITES

No specific technical experience is required, but general knowledge of management systems or organizational processes is beneficial.

ABOUT THE PECB ISO 31000 RISK MANAGER EXAM

You will have access to your exam via your MyPECB account, where you can choose a date and time to sit your exam under PECB supervision. It is recommended that you sit the exam shortly after completing your training.

Important: you have **12 months from the date of purchase** to sit the exam, use your retake if necessary, and submit your certification application.

- **Exam duration:** 120 minutes (+20 minutes for non-English speakers)
- **Format:** open-book exam
- **Number of questions:** 60 multiple-choice questions
- **Pass mark:** 70 per cent or above (21 marks or above)
- **Exam language:** in the language of the course (either English, German or Spanish for e-learning or French for self-study)

eLearning and Exam Delivery

We will process your order within a maximum of two working days. First, you will receive an invitation from PECB to create your MyPECB account and confirm your email address. **Once this step is complete, we will be able to activate your training and exam.**

This self-paced training pack runs through **My PECB**. It includes:

- Downloadable training materials and exercises;
- Interactive quizzes to reinforce learning;
- The online exam with second chance should you fail at your first attempt;
- 1 year access to PECB Skills that offers unlimited access to bite-sized training in cybersecurity, information security, business continuity, and artificial intelligence and allows you to earn CDP points to maintain your certification.

Important: you have **12 months from your purchase date** to sit the exam, use your retake if needed, and submit your certification application.

Please note that standards are not included. You can purchase them via your PECB account in the ‘store’ section.
