Project, Programme & Portfolio Governance Professional (P3GP®) Certification Training

Bridge the strategy-delivery gap and embed governance as a core organisational capability with P3GP®

Acquire the knowledge, principles and practical skills needed to establish and maintain effective governance frameworks that improve the outcomes of projects and portfolios in any organisation.

Our intensive three-day training course offers:

• **All-inclusive value**: P3G guide in print and as an e-book, printed version of the official P3GP course material, handouts, official exam voucher with the option to retake the exam, lunch and coffee breaks.

• **High pass rate, minimal stress**: take part in interactive presentations, case studies, quizzes and mock exams to ensure you're ready for the exam.

• **Efficient, structured curriculum:** cover definitions, principles, practical implementation tips and more, and prepare for your online exam.

• **Risk-free certification:** if you do not pass the first time, you can retake the exam once free of charge using the retake voucher provided.

Course taught by Vincent Piedboeuf, ATO Straight Field.

Too many projects and programmes fail not because of poor management, but because of weak or missing governance. The Project, Programme and Portfolio Governance Professional (P3GP®) certification changes that.

Structured around the ten core principles of P3G, the course offers a flexible, principles-based framework that works in agile, hybrid, and traditional delivery environments. Case studies and practical exercises bring the learning to life, ensuring participants can apply governance confidently in their organisations.

COURSE & LEARNING OBJECTIVES

By the end of this 3-day P3G certification training, participants will:

- Understand the role and value of governance in project, programme, and portfolio environments, and how it differs from day-to-day management.
- Be able to define and apply the core principles of effective P3 governance to strengthen oversight, accountability, and strategic alignment.
- Know how to design and implement fit-for-purpose governance structures, roles, decision rights, and assurance mechanisms tailored to their organisation.
- Be equipped to foster evidence-based decision-making and prioritisation across initiatives of varying scale and complexity.
- Gain practical skills to assess current governance practices and identify opportunities for improvement.
- Have confidence in preparing for and approaching the P3GP® certification exam, including key concepts and exam-style scenarios.

WHO SHOULD ATTEND?

This course is ideal for professionals who influence or operate within governance or delivery environments, including:

- Board members and governance leaders
- Executive management teams
- Sponsors and Senior Responsible Owners (SROs)
- Portfolio, programme, and project managers
- PMO leaders and governance professionals
- Assurance specialists and capability assessors
- Change leaders and transformation practitioners

Already certified in project, programme, portfolio management or PMO?

The P3GP certification is the next logical step, complementary, not a replacement, but a powerful complement to your existing professional certifications.

- With PMI® - PMP focuses on delivery; P3GP adds governance, sponsorship clarity, and strategic oversight.
- With PRINCE2® - PRINCE2 governs individual projects; P3GP connects and standardizes governance across multiple projects, sponsors, and boards at the enterprise level.
- With AgilePM® - AgilePM covers project-level governance in agile; P3GP provides the enterprise-wide governance framework that ensures consistency across agile and traditional initiatives.

PREREQUISITES

Although P3G knowledge is not required, participants should have a basic understanding of project management.

P3GP® EXAM – WHAT TO EXPECT

We understand every participant learns differently. That's why we now offer two exam choices:
