NIS2 Directive Lead Implementer Self-Study Pack

PECB Certified self-study pack including official exam voucher and second chance

Become a PECB Certified NIS2 Directive Lead Implementer at your own pace!

Fully accredited training by PECB

- Gain the necessary competencies to support organizations in effectively planning, implementing, managing, monitoring, and maintaining a cybersecurity program that meets the requirements of the NIS2 Directive.

- Learn how to interpret and implement NIS2 Directive requirements in the specific context of an organisation

- Initiate and plan the implementation of NIS2 Directive requirements, by using PECB's methodology and other best practices

The NIS 2 Directive Lead Implementer self-study course is vital for building and maintaining digital trust in critical infrastructure sectors. By helping organizations strengthen their cybersecurity measures and comply with NIS 2 Directive requirements, this training course ensures that essential services like energy, healthcare, transport, and digital services remain resilient against cyber-attacks. Attaining the PECB Certified NIS 2 Directive Lead Implementer credential demonstrates expertise in managing the security of vital systems.

WHAT'S INCLUDED?

- Certificate and examination fees are included in the price of this self-study pack.
- Participants will receive more than 450 pages of comprehensive training materials, including practical examples, exercises, and quizzes.
- A free retake of the exam is included in the fee.

WHO IS THIS SELF-STUDY PACK INTENDED FOR?

- Cybersecurity professional seeking to gain a thorough understanding of the requirements of NIS 2 Directive and learn practical strategies to implement robust cybersecurity measures
- IT managers and professionals aiming to gain insights on implementing secure systems and improve the resilience of critical systems
- Government and regulatory officials responsible for enforcing the NIS 2 Directive

ABOUT THE NIS 2 LEAD IMPLEMENTER EXAM

The "**PECB Certified NIS 2 Directive Lead Implementer**" exam meets all the requirements of the PECB Examination and Certification Program (ECP). It covers the following competency domains:

Domain 1: Fundamental concepts and definitions of NIS 2 Directive

Domain 2: Planning of NIS 2 Directive requirements implementation

Domain 3: Cybersecurity roles and responsibilities and risk management

Domain 4: Cybersecurity controls, incident management, and crisis management

Domain 5: Communication and awareness

Domain 6: Testing and monitoring of a cybersecurity program

Participants will receive a voucher to take their exam from home or from the office. The exam voucher is valid during one year. However, we advice not to wait too long between the end of your course and exam.

- Exam duration: 3 hours
- Open book format
- Number of questions: 80 multiple-choice questions
- Available languages: English, French, German
