## COURSE AND LEARNING OBJECTIVES

**Study at your own pace with a PECB-accredited training course.**

The **ISO 45001 Lead Auditor eLearning training course** provides you with the knowledge and practical skills needed to audit an Occupational Health and Safety Management System (OH&S MS) in accordance with ISO 45001, using internationally recognized auditing principles, procedures, and techniques.

### Objectives

- Understand the key concepts and principles of Occupational Health and Safety Management Systems (OH&S MS) based on ISO 45001
- Interpret ISO 45001 requirements from an auditor's perspective
- Evaluate OH&S MS compliance with ISO 45001 requirements using recognized auditing principles and methods
- Learn how to plan, conduct, and close an ISO 45001 audit in accordance with ISO/IEC 17021-1, ISO 19011, and auditing best practices
- Develop the skills required to manage and lead an ISO 45001 audit program
- Gain the competencies needed **to become a certified ISO 45001 Lead Auditor**

### Course Content

- Introduction to ISO 45001 requirements, OH&S management systems, and the certification process
- Fundamental auditing principles, evidence-based auditing, and audit best practices
- Planning and conducting Stage 1 and Stage 2 ISO 45001 audits
- Preparing audit documentation, audit test plans, findings, and nonconformity reports
- Understanding the impact of technology and emerging trends in auditing
- Managing and improving an ISO 45001 internal audit program and post-audit activities

### Who is this training for?

This eLearning course is designed for:

- Auditors interested in performing and leading OH&S MS certification audits
- Managers or consultants interested in advancing their knowledge of the OH&S MS audit process
- Internal auditors and individuals responsible for maintaining conformity to the requirements of ISO 45001
- Technical experts interested in preparing for an OH&S MS audit
- Expert advisors in occupational health and safety management

The eLearning format is ideal for professionals with busy schedules who prefer to learn at their own pace.

### Prerequisites

No specific technical expertise is required, but knowledge of occupational health and safety principles, as well as basic auditing concepts, is recommended.

### About the PECB Certified ISO 45001 Lead Auditor Exam

Participants receive an exam voucher allowing them to take the certification online from their home or office. The voucher is valid for one year, and it is recommended to take the exam shortly after the training. The exam is remotely monitored via

the **PECB Exams** application.

**Exam details:**

- Duration: **180 minutes** (+30 minutes for non-English speakers)
- Format: **Open book**
- Number of questions: **80**
- Required score: **70% or higher** (minimum 28 correct answers)

**Access to training and exam**

Once your order is validated, you will receive access within **two working days**.

The training and exam are fully accessible online. You will only need:

- A computer, tablet or smartphone
- An Internet connection

After purchasing the training via **B2B Learning**, you will receive an invitation to create your **MyPECB account** (you can do this proactively). Once your account is created and your email address confirmed, you can start your learning journey on MyPECB with your credentials.
