• Includes three IIBA® simulation exams and four practice exams

• 11 case studies and 11 end-of-chapter quizzes

• Prepare for the CBAP exam with this IIBA®-accredited course

• Exam application assistance **Please note that the exam voucher is not included in the price**

• 365 days online access | different cohorts are available for online live classes

Online Business Analysis CBAP® Certification Prep Training

Our comprehensive CBAP online certification course is the ideal way to develop your potential as a business analysis professional. This training has been designed to help you enhance your skills in three key areas: advanced documentation, strategic planning and the creation of impactful business solutions.

It covers all of the **essential concepts and methodologies outlined in the BABOK® Guide** Version 3. Delve into the six knowledge areas to gain the expertise you need to overcome real-world challenges and excel in the IIBA CBAP exam.

You can **complete your learning journey at your own pace using eLearning modules and attend live virtual classroom sessions**. Our package includes both options — simply choose your preferred option when you register on the platform. You may even decide to do both.

At the end of this course, you will receive an attendance certificate, providing you have:

- completed at least 85% of the self-paced eLearning course **or** attended one complete online live session batch;
- completed a simulation test with a minimum score of 60%.
