

P30 provides a guideline for the design of portfolio, program and project offices in organizations.

The P30 Foundation Course is an interactive, classroom-based learning experience. The P30 Foundation level content provides the participant with sufficient knowledge and understanding of the P30 guidance to interact effectively with, or act as an informed member of, an office within a P30 model. It enables participants to successfully complete the associated P30 Foundation exam and achieve the qualification.

The **P30 Foundation exam** is taken the last day of the training, in the afternoon.
